All licenses include:

- Access to all major and minor upgrades to the software for the duration of the contract.
- Full telephone and email support during UK office hours, plus access to a dedicated support portal on www.limitstate.com, which allows users to submit online support queries as well as find answers to common questions.
- Access to a private area of www.limitstate.com containing useful literature and training documents not available elsewhere.

For renewable licenses, the first 6 months support and maintenance is included free with the initial license cost, after which the annual charge is 20% of the list price.
