Support and Maintenance

A valid Support and Maintenance contract is required to use the software. For renewable licenses, the first 6 months support and maintenance is included free with the initial license cost, after which the annual charge is 20% of the list price. This includes:

- Access to all major and minor upgrades to the software for the duration of the contract.
- Full telephone and email support during UK office hours, plus access to a dedicated support portal, which allows users to submit online support queries as well as find answers to common questions.

Multiple License Discounts

Additional renewable licenses can be purchased at a discounted rate:
